- Customer Service
- Sales
- Microsoft office

Work Experience

SPIE UK

Feb 2018- Feb 2018

I had the privilege of working with engineers at SPIE UK in London. One of the tasks I was involved in was fixing a faulty algorithm for a software used to maintain some of their buildings. Using my skills I was able to assist with the amendments to the algorithm. This experience gave me an insight into a professional environment, which the company feedback recognised me as a quick learner as well as being very comfortable in and a great team worker.

Extracurricular Activities

Basketball

September 2014- July 2019

- St. Mary's C of E High School, Starting V, won the award for player's player.

Performing Arts

March 2007- December 2019

- Attended Stagecoach Performing Arts School Barnet
